

## Easidose Air Freshener

### Description

Formulated to deodourise a variety of unpleasant odours, including natural body odours and stale tobacco. Leaves rooms with a refreshing sweet pine fragrance. Specially designed for use through the Easidose dispensing system. The odour complements that of the Easidose Perfumed Floor Cleaner. Super-concentrated for economy in use and a reduced carbon footprint. With each product in the range you get the incredible cleaning power of our Evolution Concentrates, with the added benefit of being incredibly easy to dispense an accurate, measured dose for dilution. It's tough to know exactly how well a product will perform without trying it before. The beauty of our concentrates means that if the job requires a slightly stronger or weaker solution, we give you the dosage instructions to match.

### Directions For Use

Refilling from the Easidose Bottle System: Dose rate 10-20ml per 750ml flask, depending on the degree of soiling. Fill flask to line level with clean fresh cold water from a tap. Remove the cap from the bottle and gently squeeze to fill the built in measuring cup. After measuring, carefully pour the measured dose into the pre-filled flask. Re-attach the trigger spray head and lightly shake mixture to fully dilute. The mixture is now ready to use. Spray between 2 - 3 sprays in the centre of the room, avoiding furniture. Best applied to fabrics, curtains and carpets. Always test a small area before general use. Do NOT use on hard floors, creates a slip hazard.

### Product Codes

ED7/1, EVOESD-7-RF-6X750

### Storage

Store in cool conditions away from direct sources of heat.  
Avoid extremes of temperature.  
Do not allow to freeze.  
Keep out of reach of children.

### Shelf Life

Shelf life 24 months, if stored as recommended.  
Use within 6 months of opening.

### Environmental

Neat product will cause damage to plant and animal life.  
Do not allow neat product enter surface waterways as serious ecological damage may be caused.  
In the event of a large spillage, contact the local water authority or Environment Agency immediately.  
This product uses recyclable packaging.  
It contains no Phosphates.
